**Acknowledgement for:
THE ROLE OF EMERGENCY
PSYCHIATRY SOCIAL WORK IN A
VIRTUAL CLINIC DURING THE
COVID-19 PANDEMIC**

The authors of the above-mentioned article, published in Volume 37.2 wish to include the following acknowledgement:

Dr. Sang Ik Song was a psychiatry resident and Ms. Laura Tobias a registered nurse working in the Psychiatry Emergency Services in 2020. Alongside Dr. Usha Parthasarathi and Mr. Stepho, Dr. Song and Ms. Tobias contributed significantly to the research and drafting of a separate but related paper about the clinic, which went unpublished. Dr. Song and Ms. Tobias also brought their expertise in the field of emergency psychiatry to the development of the virtual clinic project, and helped us contextualize our findings within a broader theoretical framework.
