Thank you to the guest editors and reviewers who have contributed their valuable time and expertise to the scientific publishing and peer review process on behalf of the journal. We are very appreciative of your efforts and volunteered time in assisting the editor to make timely and informed decisions on the submissions published in 2017 and 2018 and those manuscripts that went through the peer review process but were withdrawn by authors or not accepted for publication in the journal.

AGC-AMC-AIH QUÉBEC 2019

Où les géosciences convergent
12-15 mai 2019

GAC-MAC-IAH QUÉBEC 2019

Where geosciences converge
May 12-15 2019

www.gacmac-quebec2019.ca

L'Association géologique du Canada (AGC), l'Association minéralogique du Canada (AMC) et la section nationale Canadienne de l'Association internationale des hydrogéologues (AIH/SNC) vous invitent cordialement à vous joindre à eux pendant la conférence AGC-AMC-AIH/SNC, qui se tiendra du 12 au 15 mai 2019 dans la ville historique de Québec, site du patrimoine mondial de l'UNESCO. Les participants auront l'opportunité de visiter et vivre le charme et l'hospitalité de cette merveilleuse ville ainsi que d'explorer ses nombreux sites naturels avoisinants.

Sous la bannière "Où les géosciences convergent", le comité organisateur tient à promouvoir la collaboration et les échanges stimulants entre géologues, minéralogistes, pétrologues, hydrogéologues, géophysiciens et géochimistes. La conférence mettra l'emphase sur les thèmes suivants:

- Géosystèmes et hydrogéosystèmes;
- Ressources minérales, énergie et environnement;
- Science des données en géoscience;
- Géosciences et société

Sessions générales incluant:

- Minéralogie et cristallographie;
- Pétrologie ignée et métamorphique;
- Sédimentologie, stratigraphie et paléontologie;
- Géophysique;
- Géologie structurale et tectonique;
- Hydrogéologie générale;
- Géologie glaciaire et géomorphologie au Canada.

The Geological Association of Canada (GAC®), the Mineralogical Association of Canada (MAC) and the Canadian National Chapter of the International Association of Hydrogeologists (IAH/CNC) invite you to join them at the joint GAC-MAC-IAH/CNC meeting from May 12th to 15th 2019 in historic Québec City, a UNESCO World Heritage site. Participants will have the opportunity to visit and discover the warmth and charm of this beautiful city and to explore its many attractive nearby natural sites.

Under the theme "Where Geosciences Converge", the organizing committee wishes to promote collaboration and stimulating discussions among geologists, mineralogists, petrologists, hydrogeologists, geophysicists and geochemists. The conference will highlight the following themes:

- Geosystems and hydro-geosystems;
- Resources, energy and environment;
- Data science for geosciences;
- Geosciences and society

General Sessions including:

- Mineralogy and crystallography;
- Igneous and metamorphic petrology;
- Sedimentology, stratigraphy and paleontology;
- Geophysics;
- Structural geology and tectonics;
- General hydrogeology;
- Glacial geology and geomorphology in Canada.

SÉANCES PLÉNIÈRES/PLENARY SESSIONS

Dr. Barbara Sherwood Lollar	"Subsurface Habitability in the Earth's Deep Hydrosphere: Implications for Planetary Science and Astrobiology"
Mr. Darrell Beaulieu	"A Dene perspective on resource development in Canada for, by and among First Nations"
Dr. Guy Desharnais	"How BIG Data is changing Mining"

Dr. Barbara Lollar Darrell Beaulieu Dr. Guy Desharnais

JE VEUX PARTICIPER!

Ouverture des inscriptions :
1^{er} mars 2019

I WANT TO ATTEND!

Registration opens:
March 1st, 2019

Au plaisir de vous voir!
Looking forward to seeing you!
