Democratic Socialism

People are starting to wonder if there isn't an alternative to the domination of the world by huge multinational corporations on the one side and Communist dictators on the other. Democratic socialism — the socialism of Francois Mitterand, Willy Brandt and Poland's "Solidarity" — is that alternative.

There is a new international magazine dedicated to democratic socialism, with an emphasis on theory and analysis — **The New International Review**.

Recent issues have featured articles by Nobel Peace Prize recipient Dr. Andrei Sakharov, authors Michael Harrington and Irving Howe, prominent international trade unionists such as Charles Levinson, Dan Gallin and Carl Wright, economist Daniel Fusfeld, political scientists John Kautsky and Nancy Lieber, as well as new translations and reprints of such classic democratic socialist writers as Eduard Bernstein, Rosa Luxemburg, Karl Kautsky, Julian Martov, and, of course, Karl Marx (whose most timely "Letter to Polish Socialists" appears in our 11th issue).

() Send me the next four issues of *The New International Review* plus the current issue free. Enclosed is \$7.50 U.S. (worldwide airmail rate) — a savings of \$2.25!
