Figure 3 (a-d) Schematic representation of the structural evolution of the thrust belt during  $D_1$ . The figure illustrates the basic geometry, kinematics and deformation-metamorphism relationships associated with the evolution of the thrust belt

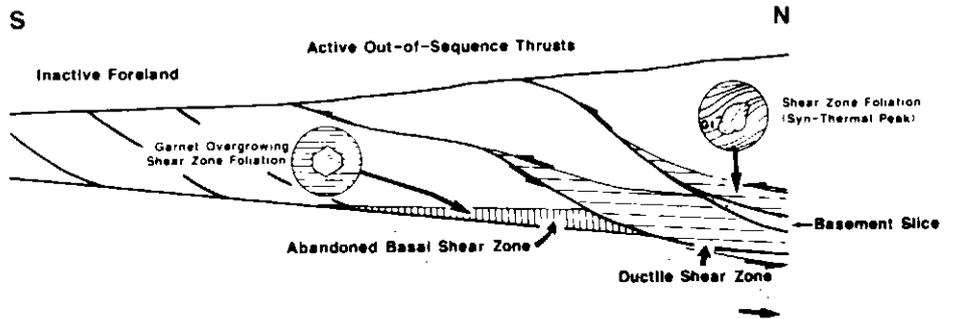

(a) Early  $D_1$  Deformation

(b) Basal Shear Zone Deformation

(c) Syn-Thermal Peak Out-of-Sequence Thrusting

(d) Post-Thermal Peak Out-of-Sequence Thrusting
